THE VENUE

PALACE CLÉMENT MASSIER

Built in 1883 by Clément Massier, a great internationally renowned ceramicist of the 20th century, this place benefits from a very beautiful "Belle Époque" architecture which allowed him to exhibit his works. This building has been completely renovated recently and opened to the public for various events. This Palace benefits from a 1.5 hectare park in the city center, an arboretum, and a magical classy court.

VISION & MISSION

Vision:

- Contribute to luxury fashion evolution through aesthetic excellence, environmental responsibility, and human values.
- Envision a conscious industry where creativity, sustainability, and human intelligence redefine contemporary luxury standards.

Mission:

- Establish a prestigious platform for slow fashion, sustainable innovation, and contemporary luxury design.

Support brand development with visibility, strategic connections, and market access, fostering a responsible fashion ecosystem.

THE PROGRESS FROM OUR PREVIOUS EVENT

Last year, our helmet initiative exceeded expectations, prompting us to focus more on community expression, inspiring youth, and honoring industry leaders this year. We aim to create a space for networking and business development across various sectors, with strategic press players confirmed for our releases. FashionTV Brazil will cover Cannes Sustainable Fashion Week 2026, in 3 different modalities of diffusion, enhancing visibility for partners, particularly higher-tier sponsors, through dedicated segments, reaching 450 million viewers in 197 countries.
